

Fixed frame

The Movie Palace UHD 4K Acoustic is definitely your best choice for a dedicated room.

This fixed frame screen features high-quality screen material and an exceptional finish. The wide, velvet-lined aluminium frame ensures perfect tension through a multipoint screen attachment system. This technology ensures a completely flat surface by distributing tension more efficiently. The velvet border improves image contrast and eliminates distracting reflections. The Movie Palace UHD 4K Acoustic is easy to install thanks to its safe, fast and reliable clipping system.

Perfect tension

Easy to install

Fast and clipping system

Velvet frame

SPECIFICATIONS

Screen material

- High quality LUMENE screen material
- Woven fabric
- Ultra white projection surface
- Optimal acoustic behavior : almost nil diffraction, flat frequency response, no equalization needed
- Gain 0.8
- Directivity 150°
- No shine point
- Treatments : anti-yellowing, anti-mold, and anti-gondolement
- Black borders
- Black-out back fabric

Frame

- Aluminium frame
- Black velvet finish
- Easy to install
- Perfect and lasting tension
- Safe clipping system

Warranty

2 years

DETAILS

Safe clipping system

Installation

The acoustically transparent fabric is not totally opaque. We therefore suggest you to place it before a dark background. The speakers should ideally be installed so that the tweeter drivers are placed in the middle of the screen (or slightly above if there are several ranges of seats).

Woven fabric

Technology

Acoustic is different from standard perforated or micro perforated PVC fabrics. Its specific structure allows a crossing of all the frequencies with no diffraction. As a result, the frequency response is linear, lossless in the high frequencies and the signal is much more precise than with usual screen materials.
